Waiver: Applicant and its employees, agents, contractors, and officers (collectively "Applicant") agree that Applicant assumes any and all risk arising from any work resulting from the City of Yuma's issuance of this permit. Applicant also hereby waives any and all claims against the City of Yuma, and its employees, departments, agencies, agents, officials, officers, and directors for any damages, liabilities, injuries or loss that arise from Applicant's work.

The Permit Application and Plan Reviews are processed in accordance with requirements of Arizona Revised Statutes (A.R.S.) § 9-835.

Pursuant Arizona Revised Statutes (A.R.S.) § 9-835, the City may make one comprehensive request for corrections to the applicant during the Substantive Review Time Frame, and also have one opportunity to identify any additional legal requirements that were not identified in the comprehensive request for corrections. Corrections previously identified which have not been resolved by the applicant will be repeated in a supplemental request(s) for corrections. If the City issues a request for corrections, the Substantive and Overall Review Time Frames are suspended until the date corrections are received from the applicant.

The Substantive Review Time Frame includes the initial review and one resubmittal. If significant design alterations or changes are made to an application, the City may make one additional comprehensive request for corrections and the Substantive Review Time Frame will be increased by fifty percent (50%).

Additionally, the City and the applicant may mutually agree to extend the Substantive Review Time Frame up to fifty percent (50%) of the Overall Time Frame, to accommodate larger, more complex projects, to accommodate additional submittal reviews, or other purposes by mutual agreement.

Unless the City and applicant mutually agree to extend the Substantive Review Time Frame and Overall Time Frame, the building permit must be either granted or denied within the Overall Time Frame. If the permit is denied, a new permit application and plans must be submitted, additional processing fees will be applicable, and a new Overall Time Frame shall commence.

This section does not apply for construction or development of a residential lot, including swimming pools, hardscape and property walls, subdivisions or master planned community.
