Anti-displacement and Relocation Plan -- It will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, and implementing regulations at 49 CFR 24; and it has in effect and is following a residential antidisplacement and relocation assistance plan required under section 104(d) of the Housing and Community Development Act of 1974, as amended, in connection with any activity assisted with funding under the CDBG or HOME programs.

Drug Free Workplace -- It will or will continue to provide a drug-free workplace by:

2. Establishing an ongoing drug-free awareness program to inform employees about -
 - a. The dangers of drug abuse in the workplace;
 - b. The grantee's policy of maintaining a drug-free workplace;
 - c. Any available drug counseling, rehabilitation, and employee assistance programs; and
 - d. The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;

9. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, it will complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions; and

Specific CDBG Certifications

The Entitlement Community certifies that:

Citizen Participation -- It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

Community Development Plan -- Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

Following a Plan -- It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

Use of Funds -- It has complied with the following criteria:

11. Maximum Feasible Priority - With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
12. Overall Benefit - The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2014, (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
13. Special Assessments - It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

14. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
15. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

The requirements of 24 *CFR* 576.21(a)(4) providing that the funding of homeless prevention activities for families that have received eviction notices or notices of termination of utility services will meet the requirements that: (A) the inability of the family to make the required payments must be the result of a sudden reduction in income; (B) the assistance must be necessary to avoid eviction of the family or termination of the services to the family; (C) there must be a reasonable prospect that the family will be able to resume payments within a reasonable period of time; and (D) the assistance must not supplant funding for preexisting homeless prevention activities from any other source.

Past performance. The City is in the fourth year of a 5-year Consolidated Plan. An analysis was conducted and the City has successfully achieved many of the goals and objectives outlined in the 2011-2015 Consolidated Plan. The following highlights a few updates from Program Years 2011 to 2013 on actions taken to meet goals set forth in the Consolidated Plan:

Program Year 2013. The City is currently implementing the 2013 Action Plan and has allocated \$992,860 of CDBG funds and program income towards housing and community development activities.

Program Year 2012. During program year 2012, the City spent approximately \$1,030,711 of CDBG funds. Housing Activities were the primary focus, which included the City's and SMILE's housing rehab programs with 26 households assisted. Yuma Neighborhood Development Organization's Housing Acquisition and Rehabilitation Program, in which 4 households were assisted and WACOG's A Hand Up Program which reduced the number of foreclosures. Under the IDA Microbusiness and Homeownership Programs four families were assisted in purchasing a home and five small businesses were created. Pedestrian improvements were made in the Yuma High Neighborhood to improve safety for children that walk to school.

Program Year 2011. During program year 2011, the City spent approximately \$828,296 of CDBG funds. Housing Rehabilitation was the primary focus under the City's and SMILE's programs and 21 households were assisted. Under the IDA Microbusiness and

Homeownership Programs seven families were assisted in purchasing a home and two small businesses were created.

Program Year 2010. During program year 2010, the city spent approximately \$1.2 million of CDBG funds. Housing Rehabilitation was the primary focus under the City's programs and repairs were made to a 32-unit apartment complex that houses very low-income migrant farmworker families. Additionally, the City supported a Community Based Development Organization (CBDO) with IDA Microbusiness and Homeownership Programs. The program assisted three households in opening a small business and two households in purchasing a home. Under the Acquisition and Rehabilitation Program two vacant homes were purchased that were rehabilitated and rented to LMI families.

Geographic Distribution/Allocation Priorities 91.220(d) and (f)

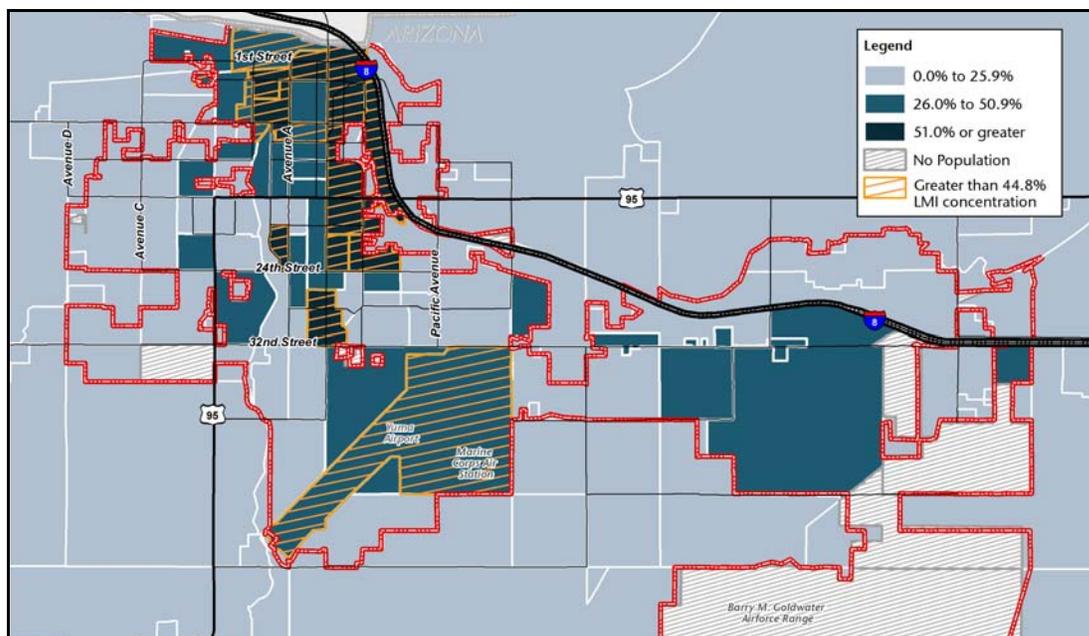

9. Describe the geographic areas of the jurisdiction (including areas of low-income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.
10. Describe the reasons for the allocation priorities, the rationale for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) during the next year, and identify any obstacles to addressing underserved needs.

9. Geographic areas. The City of Yuma will direct assistance to low- and moderate-income block groups in the city. In addition, the City will provide direct assistance to limited clientele populations.

For the purposes of this study, areas of geographical concentration are areas where the percentage of a specific minority, ethnic or income group is at least 10 percentage points higher than in the city overall.

Low- and Moderate- Income Concentration. The following exhibit shows the geographic location by block group of the percent of the population who earn less than 80 percent of the HUD median family income (LMI). HUD reports that in FY2013 34.8 percent of Yuma's population is LMI, therefore block groups where more than 44.8 percent of the population is LMI are considered to be low- and moderate-income concentrated. As shown on the map, block groups scattered in the north and central areas of the city have a concentration (more than 44.8 percent) of low- and moderate-income persons.

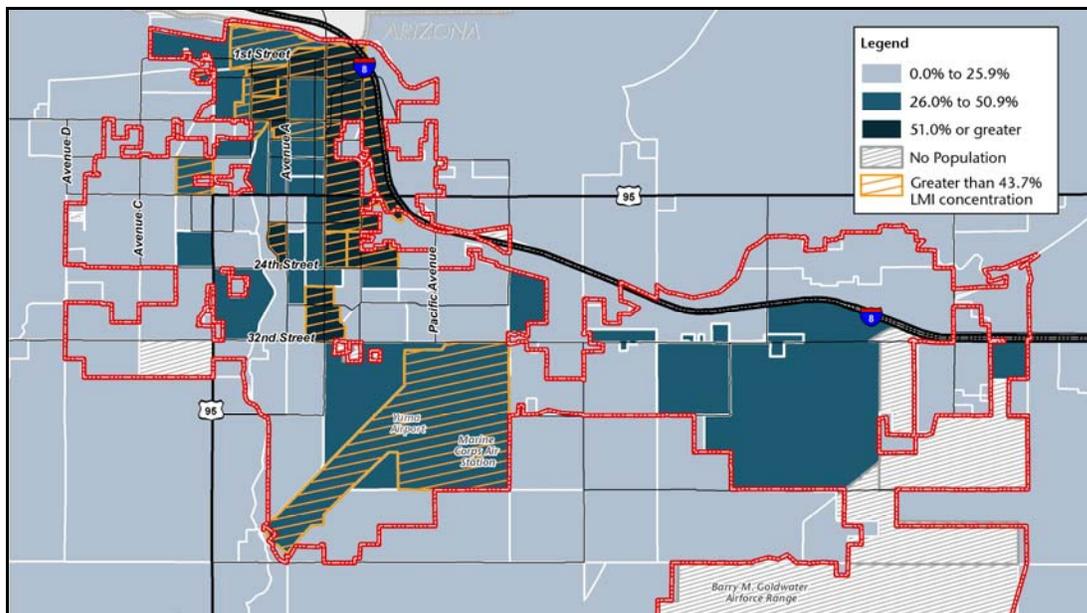

Percentage of Population that is Low- to Moderate-Income by Block Group, City of Yuma

The City of Yuma is considered by HUD to be an Exception Grantee and can provide funding to areas with at least 43.71% low- to moderate-income persons. The following table and map show the select split block groups in the City of Yuma who have more than 43% of their population low- and moderate-income:

Census Tract	Block Group	Persons Low/Mod Income	Population in Block Group	Percent of Population Low/Mod Income

Percentage of Population that is Low- to Moderate-Income by Block Group and "Exception" Block Groups, City of Yuma

Racial/ethnic concentration. Data on race and ethnicity requires clarification about how the U.S. Census Bureau collects and analyzes the data. The Census asked two different questions about race and ethnicity: the first question asked respondents to identify their race; the second asked whether the respondents were of Hispanic/Latino origin. The Census Bureau does not classify Hispanic/Latino as a race, but rather as an identification of origin and ethnicity. If a survey respondent reported Hispanic/Latino ethnicity but did not mark a specific race category, they are classified in the Some Other Race category. Persons of Hispanic/Latino descent most commonly report their race as White or Some Other Race.

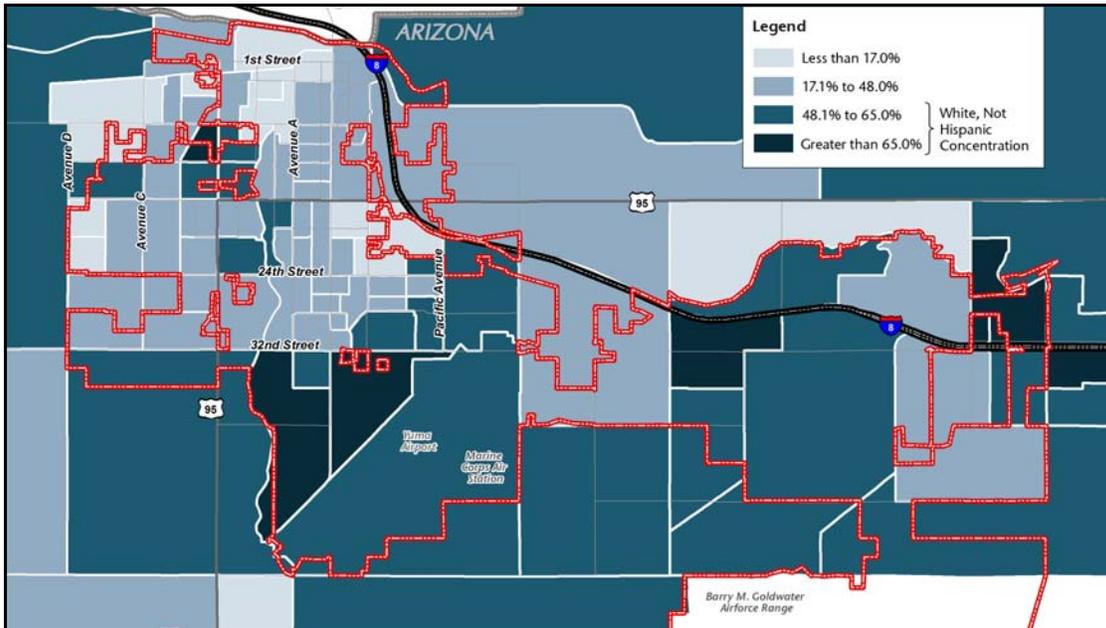

The City’s Hispanic/Latino population is comprised of 55 percent of the total population; therefore, an area with more than 65 percent is considered an area of concentration. The following map shows block groups where more than 65 percent of the population is Hispanic or Latino. These block groups are considered to have a concentration of Hispanic or Latino residents. Hispanic or Latino residents are concentrated in the north, western and central (south of the downtown) parts of the city.

Concentration of Hispanic or Latino Residents by Block Group, City of Yuma, 2009

Block groups in the eastern and southern parts of the city, as well as a few block groups to the west, have a concentration of White, Not Hispanic/Latino residents (greater than 48 percent). The White, Not Hispanic/Latino, population is 38 percent of the City’s total population; therefore, an area with more than 48 percent is considered an area of concentration, as shown in the map below.

Concentration of White, Not Hispanic or Latino Residents by Block Group, City of Yuma, 2010

The Not White, Not Hispanic/Latino, population of the city makes up 7 percent of the total population; therefore, an area with more than 17 percent is considered an area of concentration. There are no block groups in Yuma with a concentration (greater than 17 percent) of Not White, Not Hispanic/Latino residents.

10. Geographic allocation. The City's primary method of allocating CDBG dollars is to assist low- to moderate-income and special needs populations. To the extent that specific geographic areas have greater needs than other areas in the city and/or if service and housing organizations are serving certain areas, they will receive a larger proportionate share of the funding.

Based on citizen comments and assessment of the CDBG-eligible areas, some activities will be undertaken to improve the overall condition of certain areas. The Yuma High (YHN) and Mesa Heights Neighborhoods (MHN) currently exhibit the greatest need and will receive priority for revitalization efforts. The Code Enforcement/Rental Inspection Program and Neighborhood Outreach will be focused in these areas. The MLK Neighborhood Center, which is now operated by the Yuma Private Industry Council (YPIC) serves the north end of Yuma, which includes the Yuma High and Carver Park Neighborhoods.

A Neighborhood Revitalization Strategy Area (NRSA) is an area of a city that is most distressed and where targeted revitalization efforts should be completed. The MHN has been identified as an area in need of revitalization. It is an older neighborhood and 62% of area residents have low- to moderate-incomes. In Program Year 2014 City staff will work with neighborhood residents, stakeholders, business owners, schools, and community organizations to develop a comprehensive plan. The goal is to submit the plan to HUD for approval by May of 2015.

Most activities funded this year will benefit low- and moderate-income and special needs populations citywide. These activities include: the Home Accessibility Modifications Program, Housing Rehabilitation Program, Housing Rehab/Weatherization Program, Fair

Housing, A Hand Up Program, Jobs Preparation (preference for Veterans), Youth Victims Program, and the Volunteer Income Tax Assistance/Financial Literacy Program. The Colorado Street Apartments houses low-income migrant farmworkers.

The primary obstacle to meeting underserved needs is insufficient financial resources. During the next year, the City will pursue all potential funding resources and will support funding applications for resources sought by other agencies. Funding resources will continue to be leveraged when possible by the City. When appropriate, funds provided to projects and programs will be structured as loans with revolving repayments to serve the greatest possible number of households over a period of time.

Public Housing 91.220(h)

- 12. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.*
- 13. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.*

12. Public housing needs and activities. The City of Yuma supports and encourages the Housing Authority of the City of Yuma (HACY) to continue and expand its housing activities. HACY has numerous housing programs structured to serve the continuum of housing needs of low-income residents. These programs include:

- Section 8 Housing Choice Voucher Program;

- Section 8 Housing Choice Voucher Homeownership Program/Self Sufficiency Program - This program allows first-time homebuyers to use the voucher subsidy to meet monthly homeowner expenses. Approximately 330 families are currently enrolled in the program;
- The Public Housing Program consists of 235 housing units; a Family Self Sufficiency (FSS) program is offered to assist with the transition into economic self sufficiency, homeownership, and small business opportunities;
- Conventional Housing and Section 8 New Construction—HACY owns, manages and maintains rental properties in neighborhoods in Yuma for low-income families, the elderly and disabled;
- HACY manages a LIHTC project and an elderly housing development; and
- HACY offers special vouchers for the following populations: Section 8 Housing Choice Vouchers under VASH for Homeless Veterans, Family Unification Program (FUP) for victims of violence or youth aging out of the foster care system, and CENPATICO for clients diagnosed with a Serious Mental Illness (SMI). In total, approximately 65 vouchers are offered through these special programs.

As of March 2014, HACY administered 1,111 Section 8 HCVs. HUD awarded HACY 25 Housing Choice Vouchers under the Veterans Affairs Supportive Housing Program (VASH). VASH combines the HUD Housing Choice Voucher rental assistance program for homeless veterans with case management and clinical services provided by the Department of Veterans Affairs (VA). HACY also manages 66 affordable units.

To improve the living environment of families residing in public housing, HACY sponsors a FSS program. The program's guiding principle is focused on changing an individual's context to encourage behavior modifications leading to economic independence. The FSS Program helps Section 8 Program/Public Housing residents build assets, increase their earnings/resources, and ultimately achieve long-term financial independence by creating homeowners. The FSS program requires memorandums of understanding with multiple service agencies in an attempt to provide a holistic approach to services. One major collaborator is the Yuma Private Industry Council (YPIC). This organization provides job placement, resume writing, and many other employment services. All Public Housing residents are provided brochures outlining services offered by YPIC.

HACY also collaborates with the Yuma Neighborhood Development Organization (YNDO) to provide Public Housing residents with homeownership opportunities.

HACY's strategy for addressing the revitalization and restoration needs of public housing projects within the jurisdiction and improving the management and operation of such public housing is included in the 2010 PHA Five-Year and Annual Plan, specifically in the Capital Improvements sections of the Plan. HACY requested an annual amount of \$299,734 for FY2013 (or over \$1.49 million over the next five years) for the Capital Fund Program to be used for site improvements, improvements to dwelling structures and to rehabilitate and update units. HACY recently installed photo-voltaic solar panels to reduce utility costs at some of the public housing units.

A monthly newsletter is mailed to all Public Housing residents. This publication provides information regarding services, board membership opportunities, grants, scholarships, and a variety of other information to encourage public housing residents to become more involved in management and participate in homeownership opportunities.

13. Designation. According to the most recent PHA 5 Year and Annual Plan, HACY is currently a “high performing” housing authority and is not designated as “troubled.”

Homeless and Special Needs 91.220(i)

14. Describe, briefly, the jurisdiction’s plan for the investment and use of available resources and describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness.

15. Describe specific action steps to address the needs of persons that are not homeless identified in accordance with 91.215(e).

16. Homelessness Prevention—Describe planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.

14. Eliminating chronic homelessness. The City of Yuma coordinates the Yuma Coalition to End Homelessness and is a member of the Arizona Balance of State Continuum of Care (BOSCO). The BOSCO includes all counties in Arizona, excluding Maricopa and Pima counties. The Arizona Department of Housing (ADOH) coordinates and serves on behalf of the BOSCO as the applicant for HUD Continuum of Care Homeless Assistance funds. The funds received include Supportive Housing Funds and Shelter Plus Care, which are used to address chronic homelessness.

A detailed plan to end chronic homelessness is provided in the BOSCO 2013 application. The BOSCO has established short and long-term plans to end chronic homelessness. A summary of the plans follows:

- Target rapid re-housing to those who have become homeless in order to break the cycle of chronic homelessness;
- Increase the number of permanent supportive housing units for those experiencing homelessness and those who are chronically homeless while maintaining an adequate supply of transitional housing;
- Offer services and funding to help prevent people from becoming homeless and breaking the cycle of chronic homelessness;
- Through data collection and analysis, evaluation of stays in Emergency Shelter and Transitional Housing, strengthening the BOSCO, and closing the gaps in services, the BOSCO will reduce the number of chronic homeless persons in rural Arizona; and
- A Housing Committee chaired by the Director of the Arizona Department of Housing has been created. The committee's goals included: 1) Developing a statewide sharable Housing Stock Database from which to identify populations and needed services, 2) Target and prioritize use of housing choice vouchers for those who are chronically homeless, 3) Identify housing needs by county for future development working with all Continuums of Care.

The City does not directly provide or administer programs aimed at eliminating homelessness, however, the City provides support to homeless service providers. 25 HUD VASH vouchers were awarded to the Yuma area and Yuma participates in the Bridge Voucher program. The City has funded homeless service providers, including Crossroads Mission and Achieve Human Services, each of which provide programs focused on eliminating chronic homelessness. The City facilitates the Yuma Coalition to End Homelessness, which meets quarterly and the City represents the Yuma area on the

Arizona Balance of State Continuum of Care and the Arizona Coalition to End Homelessness.

16. Homelessness prevention actions. The City will continue to coordinate the Yuma Coalition to End Homelessness. This is an invaluable way for all of the homeless providers and other non-profits to discuss and collaborate on many of the homelessness issues facing the City. The main goal of the coalition is homelessness prevention. The City has a representative on the Board of the Arizona Coalition to End Homelessness, which works statewide to prevent homelessness. In addition, the City has funded Community Legal Services to provide fair housing services. Currently, CLS is providing assistance to homeowners and renters to prevent homelessness as a result of foreclosures and evictions. The City also supports organizations such as Western Arizona Council of Governments (WACOG) and Chicanos Por La Causa, Inc. (CPLC) as they provide foreclosure prevention activities.

Other Actions 91.220(k)

18. Describe the actions that will take place during the next year to address obstacles to meeting underserved needs, foster and maintain affordable housing, evaluate and reduce the number of housing units containing lead-based paint hazards, reduce the number of poverty-level families, develop institutional structure, enhance coordination between public and private agencies (see 91.215(a), (b), (i), (j), (k), and (l)).

19. Describe the actions to coordinate its housing strategy with local and regional transportation planning strategies to ensure to the extent practicable that residents of affordable housing have access to public transportation.

18. Other Actions:

Meeting underserved needs. The City of Yuma is committed to meeting the underserved needs in the community. The primary obstacles to meeting underserved needs are insufficient financial resources, staff and operating funds. During the year, the City will pursue all potential funding resources and will support funding applications for resources sought by other agencies. Funding resources will continue to be leveraged by the City when possible. When appropriate, funds provided to projects and programs will be structured as loans with revolving repayments to serve the greatest possible number of households over time.

Foster and maintain affordable housing. The following activities are intended to foster and maintain affordable housing:

- Owner-occupied, single-family housing rehabilitation programs administered by the City of Yuma Neighborhood Services Staff, which includes the Home Improvement Loan Program, Emergency/Minor Rehab Program and a Rental Rehab Program. These programs will address accessibility issues, code violations, overcrowding and safety issues;
- Rehabilitation at the Colorado Street Apartments, which includes 32 units of affordable housing for migrant farmworkers;
- Proactive Code Enforcement and Rental Inspection in the Yuma High, Mesa Heights and other targeted low-income neighborhoods. A designated Code Enforcement Specialist will conduct site/field inspections and code enforcement activities, regarding health, zoning, building, Housing Quality Standards, nuisance code violations and rental inspections;
- Fund Services Maximizing Independent Living and Empowerment (SMILE) to offer home accessibility modifications and minor home repairs to elderly and disabled homeowners;
- Fund Western Arizona Council of Governments (WACOG) to offer Minor Home Repairs and Weatherization to low- and moderate-income homeowners; and
- Yuma Neighborhood Development Organization will continue to provide affordable rental housing for LMI people.

Reduce lead-based paint hazards. HUD has regulations to protect children from the hazards of lead-based paint in federally-funded projects. EPA-certified consultants provide training for compliance with these regulations.

Neighborhood Services has staff with lead-based paint certifications and the City is in compliance with these regulations. The City also provides notices about the hazards and risks of lead-based paint in English and Spanish to all program participants.

Homeowners and renters participating in CDBG-funded housing rehabilitation programs, who are occupying units with lead-based paint will have the hazard removed by certified EPA/LBP contractors as part of the rehabilitation.

Reduce the number of poverty-level families. The City of Yuma's housing and community development programs and activities are dedicated to improving housing and neighborhood conditions of low- and moderate-income residents and special needs populations. The city and other agencies will continue to collaborate in pooling necessary resources to assist individuals and families with obtaining the tools to overcome poverty and become self-sufficient. The City strategy will include the goal, strategies and actions mentioned above under Community Development and Non-Homeless Special Needs along with the following:

Community Action Poverty Simulation. Support the Yuma Community Action Poverty Simulation (CAPS) program, including outcomes from the simulations, which may involve the creation of a Community Plan to End Poverty with specific strategies for eliminating poverty.

A Hand Up Program. The Western Arizona Council of Governments (WACOG) was certified by HUD as a Housing Counseling Agency. The housing counseling program, A Hand Up, is staffed by two experienced counselors. The program offers one-on-one foreclosure prevention counseling. They also provide group educational workshops in the following areas: Fair Housing, Building a Better Spending Plan, Understanding Credit, Resolving and Preventing Mortgage Delinquency, Pre-Purchase Education, Non-Delinquency Post-Purchase, Locating, Securing and Maintaining Residence in Rental Housing, and Shelter/Services for the Homeless.

Volunteer Income Tax Assistance (VITA)/Financial Literacy. United Way will provide free income tax preparation to LMI people at several sites throughout the city. Volunteers at each site will also provide Financial Literacy education to those waiting for tax assistance.

Jobs Preparation for Veterans. Crossroads Mission will provide Jobs Preparation classes, giving priority to veterans. They will give one-on-one assistance to veterans seeking employment.

Redevelopment. Through the tools offered by redevelopment such as tax increment financing and public/private partnership, the city will continue to revitalize commercial, industrial, and residential neighborhoods that are plagued by physical and economic blighting conditions.

Empowerment Zones/Enterprise Communities (EZ/EC). In 2000, Yuma County was designated an Enterprise Community within the Arizona Border Region. The purpose of the program is to revitalize rural communities with an infusion of economic development as a result of major tax incentives to private enterprise.

Institutional structure. The City of Yuma will implement the Consolidated Plan and Annual Action Plans through Neighborhood Services, which is a division within the Community Development Department. Neighborhood Services is the division specifically responsible for carrying out housing and community development activities. The City will partner with many non-profit and for-profit entities to carry out the goals and activities in the Action Plan.

The Neighborhood Services Division proposes housing and community development policy, which must be adopted by the seven member City Council, and serves as a source of funds and technical assistance to other entities within the community who work in the housing and community development field.

As a part of the annual CDBG allocation process, the City holds public meetings where the residents and service providers provide input concerning the priority needs of the community. The Neighborhood Services Division and the Citizen Advisory Ad-hoc Committee review the applications with the priority needs of the Consolidated Plan and the needs of the community in mind. Then, funding recommendations are made to the community and City Council.

Throughout the year the Neighborhood Services Division administers the funds, provides technical assistance and monitors the agencies that are awarded funding. All subrecipients are required to enter into agreements with the city, outlining procurement, environmental, labor wage, and other federal requirements.

Enhance coordination between public and private agencies. Neighborhood Services also draws on public and private agencies as resources or partners for housing and community development programs and to better serve the low-income community. These partnering agencies include, but are not limited to: local schools, the Housing Authority of the City of Yuma, local homeless providers, other local non-profit organizations, mortgage lenders, construction businesses, services providers and affordable housing developers.

19. Housing and transportation. The Yuma County Intergovernmental Public Transportation Authority (YCIPTA) provides Yuma County Area Transit (YCAT) fixed route and Greater Yuma Area Dial-A-Ride demand responsive bus service throughout the cities of Yuma, San Luis, Somerton, Town of Wellton, Cocopah Indian Reservation, Winterhaven, CA, Quechan Indian Reservation and Gadsden, Fortuna Foothills and Ligurta. When determining routes and stops, YCIPTA evaluates areas in which lower income residents live, and where the demand for transit is potentially higher.

Monitoring 91.230

Describe the standards and procedures the jurisdiction will use to monitor its housing and community development projects and ensure long-term compliance with program requirements and comprehensive planning requirements.

Monitoring standards. Neighborhood Services is responsible for performance of the City of Yuma's annual CDBG Action Plan. Staff assures that environmental reviews are completed before each project is initiated, monitors compliance for Davis Bacon Labor Standards, and Section 3 on all construction projects. An integral part of the monitoring responsibilities is to monitor subrecipients and ensure that the activities being performed and goals are being met, and all requirements of the CDBG program are being fulfilled. Areas of concern include:

- Compliance with applicable Federal law and the CDBG program requirements;
- Performance goals are being met;
- Financial records;
- Accuracy of reporting;
- Completeness of records;
- Record retention is being addressed; and
- There is proper disposal of property purchased with CDBG funds.

Technical assistance to subrecipients. Technical assistance workshops are conducted by Neighborhood Services staff as part of the citizen participation process to prepare each annual Action Plan. All prospective applicants/subrecipients must attend at least one of these workshops. The workshops include information on the annual entitlement award, discussion of the objectives of the consolidated plan, and an overview of the CDBG Program including objectives, eligible activities, record keeping, eligibility requirements, and accounting principles.

After selection of subrecipients, a mandatory technical assistance workshop is held for all funded subrecipients. In depth information on performance requirements and record keeping is provided. Folders are distributed that include eligibility and income verification forms, report templates, required documentation for project files, reimbursement instructions, procurement information, an on-site monitoring checklist and reference booklet, maps of low- and moderate-income census tracts, and area benefit requirements.

Standard monitoring procedures. Desk monitoring of all subrecipients files occurs quarterly with requests for reimbursement accompanied by performance reports, but at a minimum, quarterly performance reports will be mandatory.

A year-end desk monitoring of all subrecipient files is conducted to determine if goals have been met and all pertinent records and reports have been received.

High-risk subrecipient monitoring. On-site monitoring visits will be conducted by Neighborhood Services staff and documented in writing for all high-risk subrecipients. These high-risk subrecipients will receive at least one on-site monitoring visit during the program year.

- Any subrecipient receiving \$50,000 or more in CDBG program funds;
- Any subrecipient that has had a previous on-site monitoring visit that generated concerns or findings; and

- Any subrecipients that fail to submit quarterly reports, or shows signs of failing to meet objectives, timelines or goals.

Monitoring staff will formally notify subrecipients in writing of the date, time and place of the scheduled monitoring and the records that need to be available. Formal monitoring letters will be given to each subrecipient detailing the outcome of every on-site visit. Monitoring letters will detail issues that need to be addressed and provide measures for attaining compliance with CDBG program requirements. A follow-up on-site visit and monitoring will be made to verify that appropriate corrective actions have occurred. Neighborhood Services staff will continue on-site visits until all areas of concern are addressed satisfactorily. All on-site monitoring correspondence will become a part of the grantee's subrecipient activity and retention file.

2014 Fair Housing Action Plan

It is the City of Yuma's policy to affirmatively further fair housing and the City has maintained an active fair housing program since the late 1990's. In FY2011, the City commissioned an Analysis of Impediments to Fair Housing Choice (AI), completed in conjunction with the 2011 Consolidated Plan. The AI analyzed local demographics,

policies and fair housing complaints and based on the findings, recommended activities which the City incorporates into its annual Fair Housing Action Plan.

The demographic, housing market, employment and labor market analysis noted the following:

- A. The largest ethnic group is Hispanic, which increased to 55% of the population by 2010. The largest racial group is White, which is 69% of the population. Yuma is considered to have a moderate level of segregation.
- B. Persons with disabilities live throughout most of Yuma, except for areas in the southwest and some central areas of the city.
- C. The actual wage a renter has to earn to afford a 2-bedroom unit is \$15.58, which 53% of Yuma County renters are personally unable to afford.
- D. An estimated 24% of Yuma's renters and 49% of owners could afford to purchase a median-priced home without being cost burdened.
- E. From 2007 through June 2008, the foreclosure rate was 7.2%.
- F. In July 2010, the unemployment rate was 22.8%, more than double the statewide unemployment rate.

The public policies, fair housing complaint and fair lending analysis noted the following:

- A. The 2012 General Plan includes several goals, objectives and policies that encourage and support fair and affordable housing.
- B. The City has a fair housing outreach and education strategy and an affordable housing outreach strategy.
- C. The primary obstacle to meeting underserved needs is insufficient financial resources, not enough staff and operating funds.
- D. The City's revitalization efforts were considered positive and stakeholders noted the need for more revitalization in older neighborhoods.
- E. Public services are an important need, particularly transitional housing for victims of domestic violence and persons being released from institutions.
- F. Improved accessibility for persons with disabilities is needed.
- G. The Attorney General's office shows no complaints in Yuma during FY 2010, three complaints from 2006-2009 and 13 from 2000-2005.
- H. Testing identified fair housing violations on the basis of disability and the most common reason for discrimination complaints was disability.
- I. There is one pending fair housing case against the City, involving a developer alleging the City violated the Fair Housing Act by denying a rezoning request.
- J. CRA and HMDA Review
 1. As of 1993, all Yuma-based banks receiving CRA ratings were "satisfactory" or "outstanding."
 2. There were above-average denial rates in northern Yuma neighborhoods and among Hispanics across all income levels, warranting further investigation.
 3. The top reason for loan denials was insufficient collateral, with credit problems being the second reason.
- K. Yuma's subprime lending rate is the same as Arizona's and half of the loans were made to borrowers who were not Hispanic.
- L. Subprime lending, foreclosures, Contracts for Deeds and Payday lending are all occurring in Yuma and warrant further investigation for fair housing impediments.
- M. CLS and SWFC do fair housing complaint intake, outreach, education, and testing.
- N. The City and CLS participate in the Arizona Fair Housing Partnership.

The AI identified the following potential impediments to fair housing choice:

- A. Persons with disabilities face barriers to housing choice.
- B. Landlords are ignorant of and/or do not comply with fair housing laws.
- C. Residents experiencing or unsure of discrimination in housing “do nothing.”
- D. Single family home development fees and permit fees are a barrier to affordable housing.
- E. Lack of access to credit in certain areas of Yuma.

The AI recommended the following fair housing action plan:

- 1. Continue to raise awareness and visibility of fair housing and the complaint process**
 - i) Improve the City of Yuma website.
 - ii) Continue to partner with Community Legal Services, HACY and local housing non-profits to promote education and understanding of fair housing laws and rights.
- 2. Increase landlord and resident awareness and knowledge of fair housing**
 - i) Coordinate with the Rental Inspection program to provide information.
 - ii) Continue to conduct fair housing workshops and public service campaigns.
 - iii) Work with affordable housing providers to reach renters and landlords most likely to be affected by fair housing issues.
 - iv) Conduct testing focused towards persons with disabilities, victims of domestic violence and residents of older mobile home parks.
 - v) Maintain a central point of contact on fair housing issues.
- 3. Work to assist residents with special needs to have full access to housing**
 - i) Continue to fund programs to remove architectural barriers for persons with disabilities and to rehabilitate housing for accessibility.
 - ii) Conduct fair housing training sessions with landlords and property managers who serve lowest income individuals and special needs populations.
 - iii) Request that HUD fund a testing program to identify the extent to which persons with disabilities are discriminated against and the barriers they face to accessing housing.
- 4. Ensure that existing credit counseling programs are available and targeted**
 - i) Provide education about loan requirements, risks of consumer debt, accessing subsidized loans, budgeting, fair housing and fair lending.
 - ii) Credit counseling programs should target Hispanic, Latinos and minorities and geographic areas where loan denial rates are highest.
 - iii) Promote foreclosure prevention and assistance programs, as well as financial education programs.

City staff implements the fair housing action plan and in addition, the City contracts with subrecipients to provide extensive outreach, education and enforcement. City staff activities include coordinating an annual housing festival commemorating fair housing month, attending fair housing trainings as available, coordinating with other departments to ensure they are aware of fair housing obligations, ensuring affirmative marketing that includes access for Limited English Proficiency populations, and conducting poverty simulations which contain a fair housing component designed to further inform the community about fair housing rights and responsibilities.
