As always, we strive to offer programs and services for our community that can meet their recreational needs and enrich their leisure time. As you peruse through these 44 pages packed with things to do in Yuma, I hope that you will find something that interests you, your friends, and your family as we have worked hard to provide something for all ages.

Youth and adult sports programs, tournaments, clinics, instructional classes, aquatic activities, outdoor education opportunities, golfing experiences, amazing arts and cultural programs, special events, and information on our expansive park and trail systems, you’ll find it all here in these pages.

Whether you sign up for one of the many classes offered, dive into the pools, kayak the Colorado River, take in a show at the Historic Yuma Theatre, or just stroll through the park, I hope you’ll find something that you’ll enjoy in this 2019 edition of our Spring and Summer Activities Guide. As always, we look forward to serving you and all of your recreational needs.

Finally, I want to end by expressing my sincere appreciation and thanks to the people who work hard behind the scenes to make what we do as a department possible, the City of Yuma Parks and Recreation Staff!

Serve On a Board or Commission

Getting the “voice of the public” into decision-making is very important to the City of Yuma, and this is a role filled by volunteer members of various boards and commissions within the City. If you have an interest in serving your community, consider applying for a position on one of our boards or commissions.

Any person who lives within Yuma’s city limits may serve on a board or commission. Several boards of a more technical nature require one or more members to have specific technical expertise.

When an opening occurs due to resignation or term expiration, City Council appoints an individual from the list of applications on file in the Office of the Mayor and Council. The individual is selected based on education, work experience and civic involvement as listed on the application. Formal appointment occurs at a regularly scheduled City Council meeting.

In order to be considered for a board or commission, file a Boards and Commissions application with the City Clerk’s Office on the first floor of City Hall.

City Office Elections to be Held This Year

The City of Yuma will hold elections later this year for three seats on the Yuma City Council and one for judge on the City’s Municipal Court.

Candidate nomination packets become available when Spring arrives from the office of the City Clerk, located on the first floor of Yuma City Hall, One City Plaza (3rd Street between 1st Avenue and Madison Avenue).

The candidate manual includes information regarding qualifications for office, the number of valid signatures required, financial disclosure statements and political action committees.

City of Yuma elections are nonpartisan; no affiliations to political parties are disclosed. Council candidates are not bound to specific geographic areas; seats are held at large.

Nomination papers typically must be filed by a specific deadline in late May. More information is available at www.yumaaz.gov/elections or by contacting the City Clerk’s Office on the first floor of City Hall.

Cover Those Loads!

In November 2018, the Yuma City Council passed an ordinance that requires vehicles operating within the city limits to keep all loads they carry properly secured to keep them from dislodging (and possibly interfering,) damaging, or injuring others on or near roadways.

The City Code (211-07(C)) prohibits, excluding implements of husbandry, the operation of a motor vehicle or trailer carrying a load of scrap, debris, landscape trimmings, dirt gravel, rocks, recyclable material, or any type of waste product or trash within the City limits unless the vehicle load is covered to prevent the load from falling, dropping, shifting, leaking, or otherwise escaping.

The 60-day grace period for enforcement of this ordinance expired in late February. From this point forward, any person or corporation cited and convicted of violating this provision of City Code shall pay a civil penalty of $100 plus any other penalty assessment authorized by law for a first violation in a 12-month period. A conviction of this violation within 12 months shall pay a civil penalty of $250 plus any other penalty assessment authorized by law.

Help us keep Yuma clean and safe by keeping those loads well secured, and encouraging your co-workers, friends, family members and business associates to do the same.

Seek Accurate ‘Smart City’ Info

Despite some clear and accurate local news reporting of the City’s planned partnership with a Silicon Valley firm to be a hot-weather test city for a system that could offer vast public safety enhancements and offer 21st Century wireless communications opportunities, the City continues to see and hear comments in public and in various online media that are either inaccurate or purposefully attempt to misinform.

While preparations continue for the exciting potential of this system to Yuma, it’s important to remember several important points. First, the company, anyCOMM, is investing millions of dollars in the community to test and operate their system citywide, not the City itself. In fact, it was the potential for additional cost savings to the City in the form of the ability to fade streetlight intensity in and out as daylight and twilight require that attracted the City to this project.
Seek Accurate ‘Smart City’ Info Cont.

Next, the cameras that would be mounted on streetlights are not “spy” cameras. They cannot and will not be monitored by the City. In fact, one of a series of triggering events approved by the City Council with feedback from a citizen oversight committee would have to take place and be properly reported and documented before pictures or any kind of data from specific individual nodes near the incident could even be accessed. That data would then become police evidence and follow procedures and the chain of custody for such evidence.

The City invites inquiries from residents who are seriously interested in understanding this project. Contact City Administration via our website or by phone at 928-373-5021 to make an appointment.

Ways to receive City of Yuma information

You’re busy – we get that. It’s not always convenient to watch full-length Council meetings on City 73 TV or check in regularly with the City’s website to see what’s new. That’s why the City of Yuma provides other ways to stay in touch, including:

- Facebook, “City of Yuma Government”. We use this to share general news, to invite you to upcoming events, to give you peeks behind the people in the City organization, to alert you to job postings, and to share live video of awards, ribbon cuttings, groundbreakings, City-held events and infrastructure projects. Additionally, follow several of our departments individually: Yuma Police Department, Yuma Fire Department, and Yuma Parks and Recreation.
- Twitter, “@cityofyuma”. We use this to provide breaking news, timely reminders, events listings, job postings, and to correct the record, if necessary, concerning public conversations about the City. Additionally, follow several of our departments individually: @yumapolice1, @yumafiredept, @YumaArtCenter, and @yumaciviccenter.
- Instagram, “cityofyumaaz”. We use this to share photographs from City events, activities, facilities and meetings.
- Live radio, “City News Thursday,” 6:00 to 9:00 a.m. Thursdays on KCYK, AM1400. We discuss City news and key events, list Parks and Recreation events and activities, visit with City staff members and community leaders, and give you a chance to call in and ask questions directly with the City Administrator.
- Email. We send City of Yuma news releases to opt-in subscribers at the same time we send them to local news media via email. To sign up, send an email stating so to communications@yumaaz.gov.

Sandshark Summer Swim Team
This eight week program is a GREAT way to get involved in competitive swimming! The Sandsharks (a division of the Yuma Heat) are members of the Imperial Valley Swim League (IVSL), a summer recreational swimming organization that includes teams from Yuma and California’s Imperial Valley. Weekday dual meets and weekend invitations provide plenty of competition for those new to the sport. The cost includes IVSL registration, team fees, and a Sandshark t-shirt (while stocks last). For more information, text Brock Amon at (928) 246-0687, or email: yumaswims@yumaheat.org or visit yumaheat.org

AquaForce

Wahoos
Wahoos is a competitive summer program and is a part of the Imperial Valley Swim League. Athletes swim in Arizona and Imperial Valley California. For more information on how to get started, contact Sheridan Osborn @ (928) 210-3300 or Coach DeeDee Baumgarner at (928) 785-6658, or visit aquaforceswimming.org

WHAT’S THE VALUE OF WATER?
Imagine a water fountain without any water. Water is essential to our life in Yuma. Most of us never think about how water gets to us or where it goes when it swirls down the drain. Luckily, we don’t have to. Pumps, treatment plants, and pipes bring us clean water and remove wastewater.

But our water systems are aging. They need investment so they can continue to deliver life’s most precious resource.

All Day, every day.

Water- Essential, Reliable, Invaluable.
